**Morning Pointe Celebrating
 Kentucky Derby Brunch**

The Annual Derby Brunch

And they're off! Those three simple words signal the start of the most famous two-minute horse race in history. The first Kentucky Derby race took place in 1875 and is held on the first Saturday in May.

The Kentucky Derby has been a big event for us here at Morning Pointe. We celebrate by having a Derby brunch. Guests jockeyed for a position at the buffet table

to sample born-and-bred Kentucky dishes such as Country Ham and Biscuits, Breakfast Casserole, Cheese 'n' Grits Casserole, Kentucky Butter Cake, Derby Pie and many other dishes. Charlene Groves, our Executive Director says, "our guests say that our derby brunch is as good or better than the traditional Governor's Derby Breakfast."

It's a day that is always filled with a lot of food, fun and excitement for everyone. Some of our residents styled their derby hats that were made just for the occasion.

Ms. Mary McCann, Melissa Walker (CNA) and Ms. Doris Jean Combs are very proud of their stylish hats.

Eggs, Eggs, Eggs everywhere!!! This was our 4th Annual Easter egg hunt for the Stewart Home School students. We always enjoy watching the students run all over the yard looking for the eggs. Our residents and the Girl Scout troops helped fill over 400 eggs with candy for this event. The residents and staff really enjoy this event every year. We served lots of refreshments for the students and they loved it. Thank you Stewart Home School for bringing your students out every year to Morning Pointe.

Cub Scouts and L.I.F.E. House for Animals Team Up With Morning Pointe

Left to right: Nathan Tingle, Armand Guerrero and Carson Greenwell cutting out dog biscuits.

What a team! The L.I.F.E. House for Animals were in need of dog biscuits so some of our residents decided to help in filling that need. We called upon the cub scouts to join in. The residents were excited to see the scouts get started rolling and cutting out dog biscuits.

L.I.F.E. House for Animals put on a doggie fashion show for our residents. It was a blast! The dogs interacted with the residents and received a lot more attention than they normally get.

EXCEEDING EXPECTATIONS WINNER!

Cindy Brooker

We are pleased to announce that Cynthia Brooker, an L.P.N. was the winner of our first Exceeding Expectations Award. Cindy has given many of her hours off the clock to help with events at our community and to visit our residents who are in rehab or the hospital. She is a very loving, giving and caring person.

WELCOME HOME TO OUR NEW RESIDENT

We are so happy to have **Joanne O'Neil** come and join our family here at Morning Pointe.

Resident of the Month

Andrew Mollura

How incredible is it to know that we have among us one who played such an important role in World War II? Andrew, known to us as "Andy" Mollura did just that.

Andrew Mollura

Andy was born on May 13, 1918, in Clearfield, Pennsylvania to Margaret Mollura, originally from Italy. He grew up with 5 brothers and 3 sisters. Even though Andy was the youngest child, he was named after his father, Andrew Mollura.

Andy attended business school, but his interest led him to serve in the United States Army. Andy trained at Fort Knox and then became a Tank Commander in *World War II* in the *5th Armored Division*. The assignment of Tank Commander came with great responsibility because Andy had to lead a unit of men through some of the hottest fighting in the war,

including the *Battle of the Bulge* and the *Battle of Hurtgen Forest*. One time Andy even risked his own life to free a shell that would not eject from a tank gun by climbing out on the tank and ramming a pole down the barrel of the gun. When asked since he was the commander why he was the one who climbed out on the tank, he simply said "Because I was the closest to the top." Andy didn't regard himself better than his men. He cared about his men and was devoted to his work.

After an accomplished career in the Army, Andy and his wife retired to Frankfort. He then worked at H&H in Frankfort which seemed a little calmer, not to mention a little roomier, than working on a tank in the war. In addition to work, Andy enjoyed playing both basketball and baseball. A good friend of his once said for a small, quiet guy you wouldn't think he would be so good, but Andy was very modest so you would never have known how accomplished he was at his work and play.

While Andy has experienced many changes in his life, some things about Andy haven't changed. He still cares about people and is still a modest man.
