HEAD START OF TUSCALOOSA

We had a really great time with the students from Head Start and a surprise visit from the Easter Bunny.

Martha Latham and Gerry Hofheins help students from Head Start decorate Easter Eggs

Students from Head Start decorated Easter eggs with help from our residents here at Morning Pointe. After all the eggs were decorated, the Easter

Bunny gave each child an Easter basket that was filled with delicious goodies. Residents here at Morning Pointe put each basket together and shared stories of past Easters with their children and grandchildren.

Resident Spotlight

BETTY MARCHANT

Betty Marchant is a native of Tuscaloosa County. She spent most of her life in Holt, Alabama where she raised her two children. Betty worked for 33 years at Bagget Truck Stop and truly loved doing her job, she told me that her job was what she missed most. Many of her customers came every day and became part of her extended family. She got to know many of them and loved seeing them most every day. Betty also worked during that 25 years at Parlow. Betty always has a beautiful smile to start the day with. She is

active and always willing to try new activities. We here at Morning Pointe are blessed to have Betty as part of our Morning Pointe family.

With the help of our Food Director, Betty enjoys doing some of the work she misses so much.
