Administrative Assistant

**Karen Wood**

Life Enrichment Director

**John Brogdon**

Dining Services Director

**Don Swafford**

Maintenance Director

**Super Bowl Fun!**

Evelyn Stevens gives her cheer to our former football players.

When Frank was asked what was the most exciting thing about football, he said winning a game! Winning a game did not happen very often for their team.

**Morning Pointe Cheers!**

Administrative girls join in on the cheers for Bill Knight, William Burns, Marshall Goree, Frank Lawhorn and Sammy Henley.

The men were honored with the story of their football memories framed.

**These Men Are All Winners!**

Sammy played halfback. He remembers making six touchdowns in one season. But one thing he remembers better than the touchdowns is his girlfriend who would go watch him play. Sammy lost interest in football and took up golfing. But he never lost interest in his girlfriend, Dixie Jean. They got married!

**Reba Keene**

**She loves when her family comes to visit her.**

**Reba was star of the month. She went to many programs, participated in activities and visited friends. But her favorite spot to be at Morning Pointe is in front of the fireplace.**

Marshall was alternate captain and played center. He has many memories playing football all through school and the army. In his senior year at McCallie, one of his best buddies was playing on the opposing team. His friend weighed 190 lbs. and was knocking all the guys down brutally. Marshall was determined to stop him. He and another guy went after him. One guy grabbed at the neck and Marshall at the waist. Marshall's head hit the guy's hip, and it knocked Marshall out cold.

Collegedale Pathfinder Club came out to share their stories and enjoyed hearing stories from residents. Some of the students come from Africa, Korea, Haiti, Guatemala and the Philippines.

William, a halfback, was tackled a lot, and after a bad knee injury he quit playing. He laughs as he tells how he got hurt more calling the games than playing. During one particular game that he refereed, he spotted the ball out of bounds. He looked up, and 22 ball players were heading toward him. He was tackled and it broke his leg.

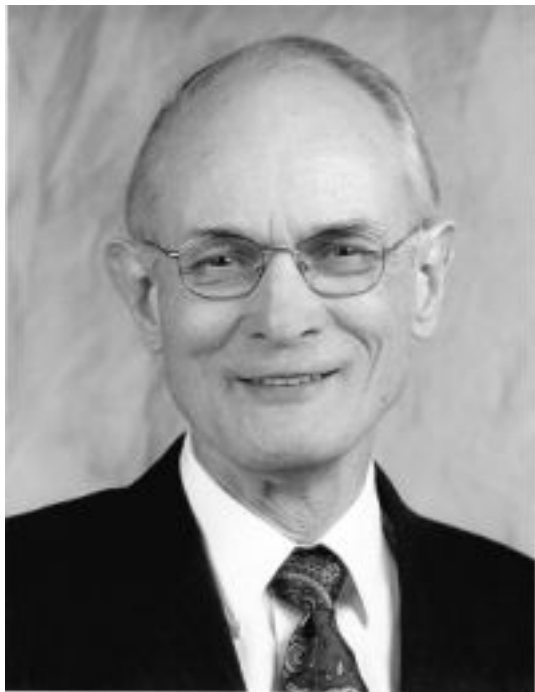

The dog chased the cows off the cow pasture so the teams would not have to play against cows. Their uniforms were overalls. Bill and the guys loved tackling each other in the cow patties. And they really liked tackling their lady teacher when she would play. I asked how she took that. Bill said with a whack on the ground!

**Philip Follett**

Philip Follett currently serves with Life Talk Radio. At Life Talk he produces a one-hour live radio-TV show every weekday, serves as liaison with Life Talk-related stations, coordinates volunteer workers at Life Talk and oversees Life Talk relations with the FCC.

Prior to his coming to Life Talk Radio and following his retirement from the General Conference in 2000, he served as Assistant to the President of Adventist World Radio and Field Representative of the Adventist Review.

**You Are Invited to Hear Phil Speak at Morning Pointe at Greenbriar Cove**

**Thursday, March 4  
at 4 p.m.**

**Social Party for Margaret Jenkins**

**Delicious Food, Presents**

**and Friends**

**Family Night**

**Cardiovascular Disease Seminar**

**Tuesday,  
March 16**

**Refreshments  
Will Be Served**

Kimberly Mendizabal is our associate of the month. She is very dependable and the residents love her.

Staff "hillbillies" performed to "Rocky Top" in the 6th Annual Talent Show.
